

Community Involvement

ELE'S PLACE
Lansing, Michigan

Through peer support group programs, Ele's Place helps children to cope with the death of a parent, sibling or other close family member or friend.

The Centennial Group recently worked on their Children's Garden and preparation for Ele's Race being held this coming July. Cleaning, building, planting, painting, activity packets, mailings – getting it all ready for the kids to enjoy this summer.

Please check out this great program yourself to see how you can help!
